Agency Overview

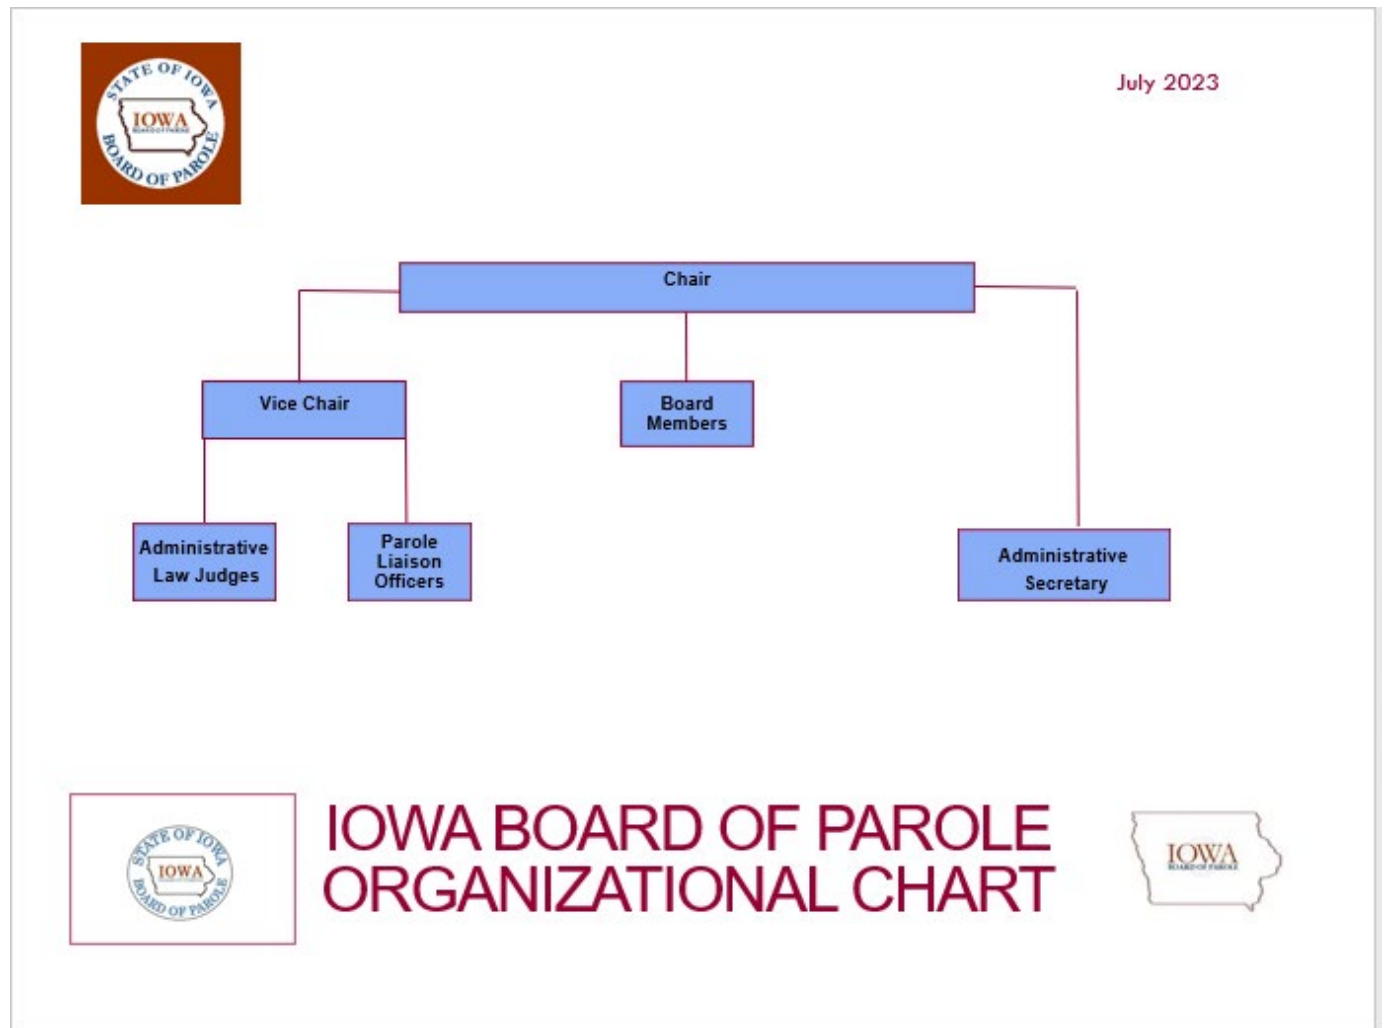

The Board of Parole was established in 1907 by the 37th Iowa General Assembly. The Board is composed of one full-time chairperson, one full-time vice-chairperson, and three full-time board members who are appointed by the Governor and confirmed by the Senate for staggered four-year terms. In fiscal year 2025, the term of one Board Member, Susie Weinacht ended. Dana Wingert was appointed to the Board to fill this vacancy. Board membership must include at least two of the following: at least one non-lawyer, at least one lawyer licensed to practice law in Iowa with knowledge in correctional procedures and issues, and at least one individual who holds a master's degree in social work or counseling and guidance and who is knowledgeable about correctional procedures and issues. State law also requires that Board membership be racially diverse and balanced along political affiliation. Members report directly to the chairperson, and the member serving as chairperson serves in that role at the pleasure of the Governor. The Board has its own support staff¹, but also receives administrative support from the Iowa Department of Corrections (IDOC).

The mission of the Board is to enhance overall public safety by making evidence-based parole decisions to successfully reenter offenders back into the community to become productive and responsible citizens. To achieve this mission, the Board:

- Reviews and interviews offenders for parole and work release consideration in accordance with applicable administrative rules and via a deliberative system that respects the interest of the public, victims, and offenders, while being mindful of the finite resources available.
- Gathers and reviews information regarding new parole and work release programs being instituted or considered nationwide to determine which programs may be appropriate for use in Iowa.
- Utilizes evidence-based practices to perform risk assessments and promote supervised release at the appropriate time and level.
- Works to enhance a collaborative working relationship with all stakeholders in the criminal justice system by providing technical assistance, information, and counseling on matters related to the Board of Parole's purpose.
- Reviews and makes recommendations to the Governor regarding applications for reprieves, pardons, commutation of sentences, and special restoration of citizenship rights pursuant to Iowa Code Chapter 914.

Strategic Plan

Iowa Board of Parole undertook a strategic planning exercise to identify areas of focus for future development of the Board and its members. It is continuously reviewed based on additional insight and information gathered. The following are ongoing parts of the aforementioned plan:

Training and Professional Development:

- Participate in facility and field location visits to gain better understand operations and facilitate open and active communication across agency boundaries.
- Review intervention programs utilized in Iowa and similar states and explore if those programs would be beneficial to our offender population.
- Continue the practice, when feasible, of including an educational component after each business meeting to learn about and remain up to date on current practices, research, data, and legislation that affects paroling activities.

Analysis and Data Sophistication in Conjunction with Department of Corrections:

- Research and evaluate recidivism rates and identify patterns.
- Research and evaluate revocation activity to identify patterns.
- Evaluate and continue to develop evidence-based policies and practices.

Stakeholder and Public Outreach:

- Enhance and maintain the Board's website for purposes of providing accessibility to information pertaining to Board operations, meetings, and schedules.
- Enhance partnership with Department of Corrections policymakers.
- Enhance partnership with the Community-Based Corrections system.
- Enhance the notification system for registered victims.
- Assist the Governor, when requested, to collect and make recommendations for clemency and commutation of offender sentences.

Population Review Program in Conjunction with Department of Corrections:

- Develop and enhance the Board's methods for identifying cases and target populations to review via periodic internal reviews of the prison population.
- Review candidates at the appropriate time for release consideration.
- Research and evaluate alternatives to traditional revocation.

Parole Risk Assessment Tools

The Board adopted the Iowa Violence and Victimization Instrument (IVVI) as its primary static risk assessment tool for non-sex offenders. The Iowa Board of Parole routinely works with the Iowa Department of Corrections to review and evaluate the assessment tool. The assessment's main use is to aid the Board in measuring the potential for reoffending.

The Board continued to utilize the Iowa Sex Offender Risk Assessment (ISORA) and the Static-99 for sex offender specific risk calculation.

In addition to the IVVI static risk instrument, the IDOC also utilizes a dynamic risk assessment tool called the Dynamic Risk Assessment for Offender Reentry – Institution (DRAOR – Institution) for use in case planning.

Validated risk instruments are one of many tools utilized by the Iowa DOC and BOP.

Iowa Corrections Offender Network (ICON)

The Iowa Corrections Offender Network (ICON) is the main database shared by the Department of Corrections, the Board of Parole, and community-based corrections. This module makes it possible for the Board and the Iowa Department of Corrections to share information on a real-time basis and increases Board workflow and efficiency.

The Board of Parole continually works with the Department of Corrections to increase ICON functionality.

Panel Decisions

Panel reviews are held virtually via Zoom. This allows for Board members to participate remotely and provided victims from around the state to interact with the Board without traveling to Des Moines to participate.

Workload and Decisions Summary

The Board is a full-time working board. The Board conducts case reviews, interviews, and decides appeals. The Board also reviews and votes on executive clemency and commutation applications. A complete breakdown of the Board's workload can be found below.

Parole Revocations

The parole revocation process begins with the receipt of a parole officer's violation report. The alleged violator is subsequently notified to appear before an administrative law judge (ALJ) for a parole revocation hearing. The ALJ determines whether the parolee is in violation of the terms of the parole agreement. If the ALJ finds that a parole violation has occurred, one of the following sanctions may be imposed:

- Reinstatement of parole
- Reinstatement of parole with additional conditions imposed (for example, but not limited to, substance abuse evaluation, GPS monitoring, intensive parole supervision, referral to an appropriate treatment program)
- Revocation of parole to a work release program
- Revocation of parole and return to prison

Pursuant to Iowa Code Sections 908.10 and 908.10A, Board ALJs do not hear cases involving parolees sentenced to prison for new felonies or aggravated misdemeanors. In these instances, the parole is deemed revoked as of the date of the commission of the new offense. Although no hearing is conducted for an automatic revocation, an ALJ is required to process the revocation order and notify the parolee of the revocation.

Victim Services

The Board established its first program for victim participation in 1986. As part of this program, the position of Victim Coordinator was added to the Board's staff. Today, the Victim Coordinator's primary responsibility is to assist victims who want to exercise the following rights established by the Iowa Victim Rights Act, Iowa Code Chapter 915:

- Notify victims of violent crimes, not less than twenty days prior to the Board conducting a hearing at which the offender will be interviewed and inform the victim that they may submit their opinion concerning the release of the offender in writing prior to the hearing or may appear personally or by counsel at the hearing to express an opinion concerning the offender's release.
- Notify the victim, whether the victim appears at the hearing or expresses an opinion, of the Board's decision regarding release of the offender.

The Board continues to register victims of violent offenses. The ICON victim module, merging DOC and BOP victim records, was completed in FY16 and has helped make this process much more accurate and efficient.

At the end of FY25 a total of 8453 victims were registered with the Board of Parole. The Board mailed a total of 3379 victim notifications during FY25.
